DAY NURSERY MAY BE ESTABLISHED HERE

A day nursery may be the reward for Mt. Vernon in case the city goes over the top in the second phase of the second home service drive of the Salvation Army.

This news was communicated to the public today by Director Chamberlain of the Salvation Army organization work, who is here now preparing the field for a short, intensive drive which will be started within the next two weeks.

The nursery would be centrally located and in charge of competent women throughout the day. Children would be taken there in the morning after breakfast and left during the whole working day. They would be served with a first class dinner, and supper if necessary and desirable. In the afternoon every child in the nursery would be required to take a few hours' sleep. Playthings will be provided in goodly quantity, and the ladies in charge will supervise their games.
